Supra® — A Commitment for Excellence Through Performance.

**Voted Best HP Lamps
8 Years in a Row**

**Voted Best HP Lamps
8 Years in a Row**

ALL LAMPS ARE NOT CREATED EQUAL

Superior performance and reliability starts in our factory

Our wide range of low and high pressure lamps is designed to suit the needs of all tanning systems worldwide, with reliability and superior performance in mind.

The Supra® Collection's efficiency is due to the following:

Excellent tanning performance due to the highly efficient spectral range characterized by the **proprietary metal-halogenide mixture.**

Electrodes

Use of only high quality components such as quartz glass, **electrodes** and gas mixture are complemented by a rigorous control system to ensure legendary **quality and performance.**

Supra® – a carefully engineered product – delivers superior performance with the highest output and long life. Only Supra comes with a warranty. **Get Supra to make and save money.**

Filament Mixture

Infusing Filament

Great manufacturing is the result of **innovative engineering, discipline** and a **constant search for evolution.**

The **Supra®** Collection's is just one of many specialty product lines born in our German factory.

We represent products for an array of uses and whatever your needs are; our factory produces lamps for indoor and outdoor use, from commercial and residential to freeways and stadiums. Infra-Red, Germicidal and Tanning lamps. All come from our **Specialty Lamp Department.**

The Hoover Building

Our authorized distributors have thousands of lamps in stock for any tanning system. Call yours today for immediate delivery. Ask for references — Quality and Performance — Guaranteed.
